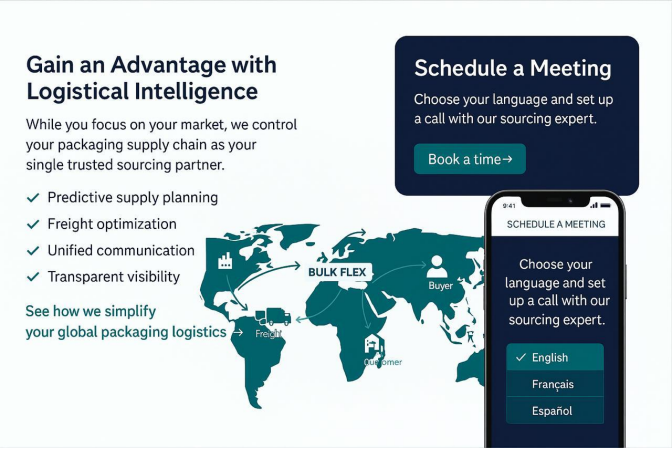
Bulk Flex Website – Requirements & Design Brief

Content inside the tabs would be provided by client so as of now we need to make the below tabs and design.

Overall Look & Feel

- **Theme:** Clean, modern, premium industrial
- **Background colour:** Light cream
- **Primary button colour:** Neon blue
- **Secondary colour:** Navy blue (used across sections)
- **Graphics:** Minimal, animated (GIF/video-based where needed)

Homepage (Hero Section)



Please take reference of above image Specific - Map

- If possible, to do First landing page like a video page of 2**–3 seconds (Ref website - https://flexituff.com/) with Tag line.**
- **Animated map / route graphic**: for home page as well as the 2-3 second video page.
    - Directional arrow or ship-route style animation
    - Represents global supply & logistics like North, East, West, South
- Animation should feel smooth and premium (GIF or lightweight video)

Landing Experience (Pre-Home Screen)

- **3-second intro screen** before homepage:
  - Navy blue background
  - Neon green animated graphics
  - Option to **select language (if possible)**
- After 3 seconds, auto-redirect to homepage
- Same visual theme as homepage, but with **animated version (like Map image shared before)**

Navigation Tabs (Header Menu)

1. **Home**
   - Image scroll section
   - Static world map + animated route
   - Product highlights
   - Images and other
2. **Products**

   (Note - Please refer hardcopy brochure for product info and image for home page and all)

   - Product page reference: https://tremac.ca/**(client don't want a same theme of product tab like this website**
   - **As product comes with multiple sub categories so he wants to show like if Customer select one product so the sub category of the product should be easy to find by customer**
   - Clean layout with images, specifications, and applications
   - Image reference -

3. **About Us** (need to add the below sub tab in about us and the content would be provided by the Client)
    - Company overview
    - Manufacturing strength
    - Vision & values
4. **Compliance (add the content by using online source for this industry)**
    - Policies:
        - No child labours
        - Ethical sourcing
    - Certifications & standards followed
5. **Gallery & Videos (would be provided by client)**
    - Images and videos of:
        - All products
        - Manufacturing facility
        - Packaging & logistics
6. **Buyer Tools**
    - Buyer journey explained visually
    - Sections include:
        - Onboarding process
        - Factory visit process

- Quality checks
- Export & documentation flow
